

MoneyThumb Salesforce Release Notes

1. Version 5.0

1.1. Package URL

The following shows the link to the latest package:

<https://login.salesforce.com/packaging/installPackage.apexp?p0=04tKA000000gO84&isdtp=p1>

 **Warning:** Always test the installation in a Sandbox environment first.

For installation details, see the MoneyThumb Salesforce Installation, Configuration, and User Guide.

1.2. Enhancements

- More fields for Application Forms are now viewable in Salesforce:
 - Signature fields
 - Additional fields
- Scorecard sections are now displayed in the same order as they're displayed in the MoneyThumb UI.
- If you're not running the latest version, a message will now display prompting you to update.
